

Get a More Complete Physical!

University Hospitals Bedford Medical Center, The Village of Glenwillow, Mayor Cegelka and Council care about you and your heart health. With this in mind, we have collaborated to offer Glenwillow residents (**ages 40 & up**) a variety of heart-related screenings in addition to other health screenings at a very affordable cost. These tests are used in high-priced preventative exams often referred to as “executive checkups.” **We will not be able to bill insurance for these screenings.** Individualized results recommendations and education are included.

When: February 11, 2012
7:30 AM - 10:30 AM

Where: UH Bedford Medical Center
44 Blaine Avenue
Bedford, Ohio

Location: Main Lobby

– How to get tested –

To sign up for one or both packages and your appointment time, please call Pat or Lori in the Mayor's Office at 440-232-8788.

Package One (\$25.00)
